TEXAN GIVEN HIGH HONOR

C. A. KELLER DEPUTY GRAND SIRE OF LODGE.

Reports of Grand Secretary Give Flattering View of Odd Fellows Order.

Odd Fellows Elect.

Atlanta, Ga., Sept. 20.—The sovereign grand lodge of the Independent Order of Odd Fellows today elected the following officers:

Grand sire, John B. Cockrum, Indianapolis; deputy grand sire, C. A. Keller, San Antonio, Tex.; grand secretary, John B. Goodwin, Baltimore, Md.; grand treasurer, M. Richards Muecke, Philadelphia, Pa.

Atlanta, Ga., Sept. 20.—The prediction that by 1915 the Independent Order of Odd Fellows will number 3,000,000 members if it continues its present rate of increase, was made by John B. Goodwin, grand secretary of the sovereign grand lodge, at the opening of the annual convention. The hundredth anniversary of the order falls in 1919, and the present membership is something over 2,000,000.

The grand secretary reported total receipts for the year as nearly half a million dollars ahead of last year's total, with expenditures for relief approximately \$144,000 less. In the homes of the order there are now 2361 inmates. The total cost of these homes, including property values, is given as \$2,256,576.

Charters were issued during the year to lodges in Panama, Cuba and New Foundland and to an encampment in Alberta.

W. L. Kuykendall, grand sire and commander in chief of the sovereign grand lodge, in his annual report, reported that total revenue for 1909 in round numbers was \$16,828,000, total relief \$3,350,000 and total invested funds \$19,411,000. From 1840 to Dec. 31, 1909, the records show \$150,987,000 expended for relief.

A constitutional amendment approving the establishment of a tuberculosis sanitarium was presented to the grand lodge. The order at present has no such sanitarium, and this amendment was the only one among those presented which was not laid on the table indefinitely. It was referred to a committee from which an early report is expected.

One of the features of the many events which made up the Odd Fellows' program was the spectacular production of the second degree at the auditorium by the Oak Cliff degree staff at Dallas, Tex. Although other degree teams have taken up the practice it was inaugurated five years ago by W. D. Trotter, manager of the Dallas team, no other body equals the Texas delegation in the elaborateness and thoroughness of its productions. Although the results of the degree contests will not be announced until Wednesday, it has been stated by numbers who witnessed the performance that the Oak Cliff team will be the prize winner.

The orphan band from Corsicana, Texas, is also attracting much attention.

SUNDAY SCHOOL INSTITUTE.

Conducted by W. E. Hawkins Field Secretary North Texas Conference. W. E. Hawkins, Field Secretary of the North Texas Conference Sunday School Board will be at West Lee Street Methodist Church at 2 p. m. and at night on Friday, Sept. 23rd. For all Sunday school officers irrespective of denomination.

Every father and mother should hear the lecture on "The Child." Mr. Hawkins, after thirty years' experience in handling young people's problems and boys and girls, can answer the question "Why has my boy or girl gone wrong?"

Superintendent Problems, Teacher Problems, Organization, Grading, Management, Cradle Roll, Home Department, Decatur Day, Children's Day, Missionary Day, and all five Sunday School topics will be discussed.

HUSBANDS-ANDERSON.

Popular Couple to be Married at Los Angeles Tomorrow.

News from Los Angeles, Cal., states that Gordon Husbands and Miss Grace Jolande Anderson will be married there tomorrow. Miss Anderson is well known here as a charming and pretty young lady who has hosts of friends and well wishers in the city. She taught vocal music here for the past three years and is popular with all who know her. Gordon Husbands was reared here and is a young man of sterling integrity. He is now station agent for the Katy at Taylor. The Herald wishes them all happiness and prosperity.

Now if these goods aren't first-class, our merchants here are brought to task. If short on cash, it's a dead cliff, to our home merchants we run in a pinch. Buy MONOGRAM flour and be at ease.

The kind "Booster Woman" expresses a good business practice which will benefit all Greenville people and her industries. MONOGRAM flour is at right.

RAIN PUTS DAMPER ON G. A. R.

Unfavorable Weather at Atlantic City Is Discouraging to the Veterans.

Atlantic City, N. J., Sept. 20.—An early morning rain put a damper on the enthusiasm of those attending the forty-fourth national encampment of the Grand Army of the Republic. Several organizations allied with the Grand Army opened their sessions to day and others continued their committee work preliminary to the opening of the business sessions.

The contest for the next command-in-chief between John E. Gilman of Boston and John McElroy of Washington City is getting warmer. Among the cities which want the next national encampment are Rochester, Los Angeles, Denver and Chattanooga. Portland wants it in 1912.

LORIMER IS THEIR TOPIC

SENATE COMMITTEE MEETS TO LEARN ABOUT ELECTION.

Will Pursue Inquiries as to the Charges Against Illinois Senator.

Chicago, Sept. 20.—Senators Robert J. Gamble, Republican, of North Dakota and Thomas H. Paynter, Democrat, of Kentucky, members of the senate subcommittee which will investigate the election of Wm. Lorimer to the United States senate, arrived here today. Senators Burrows, Heyburn and Johnston registered yesterday. Senator Frazier, Democrat, of Tennessee, is expected tonight or tomorrow.

Senator Burrows, the chairman, received word that Senator Bulkeley of Connecticut will not be able to attend the sessions here. Today's session was executive for the purpose of outlining the procedure of inquiry.

COMMISSION IDEA IN MAINE.

Gardiner, Maine, Citizens to Vote on Municipal Government Plan.

Washington, Sept. 20.—Advisers received here today from Maine say the town of Gardiner, in that state, in all probability will be the first in New England to adopt the Texas plan of a commission form of government. The election to decide the matter will be held next month. Opponents to the commission form are presenting newspapers dealing with the alleged mismanagement in Fort Worth, Dallas and Des Moines commissions.

Telegram Forgery Alleged.

Sherman, Tex., Sept. 20.—A man wanted here on a charge of obtaining \$200 from a Denison bank through a telegram alleged to be forged, was brought from Oklahoma and jailed here today, ending a six weeks' fight with Governor Haskell, who, at first, refused to grant a requisition.

TO UNKNOWN CONFEDERATES

Over Three Thousand Veterans Lie in Cemetery at Washington.

Washington, D. C., Sept. 20.—In conformity with the recommendation made just before his death by General Gates, Federal commissioner for marking the graves of Confederate soldiers and sailors who died in Northern prisons during the civil war, the war department has awarded a contract for the construction of a monument costing \$20,000 in the Confederate cemetery at Port Lookout, Maryland, where lie buried the bodies of 3384 Confederates. Lack of identification prevented the erection of individual headstones.

THE ENTRE NOUS CLUB.

Met Yesterday and Elected Officers For the Coming Year.

The Entre Nous club met at 5 o'clock last evening with Mrs. Archie Morris pursuant to call. An election for officers for the coming year was held resulting as follows: Miss Gertrude Davies, president; Miss Valeria Pepper, vice president; Miss Lola Moody, secretary; Miss Lou Sherrill, treasurer.

There were three vacancies in the membership which were filled by the election of Miss Gertrude Brantthoffer and Misses Kate and Sarah Dismore.

HASKELL TO FACE TRIAL

VENIREMEN DRAWN FOR JURY IN TOWN LOT CASES.

Set For September 26—Other Prominent Citizens Are Involved in the Matter.

Muskogee, Okla., Sept. 20.—One hundred veniremen have been drawn from which number will be selected a federal jury to try the Muskogee Town Lot cases in which Governor C. N. Haskell and other prominent citizens of this state are involved.

The trial is set for September 26. Two attorneys representing Governor Haskell were present when the names were drawn and they were furnished with a list.

The United States Marshal will not make the names public until service on the men is obtained.

WRECK ON H. & T. C.

Engine Tender Overturns When Baggage Car Spills Rails.

Dallas, Tex., Sept. 20.—While a northbound Houston and Texas Central passenger train was entering the yards the baggage car split the switch. As a result the engine tender was overturned and the trucks of the baggage car left the switch rails which the coach had started out. The accident tied up the main line of the track for several hours and another northbound passenger train which was following had to be detained around the wreck as well as a southbound passenger. This was done by using the Wyo and the Texas and Pacific tracks.

Luckily no one was injured, and a few hours' time the track was cleared and interrupted traffic was resumed. Just what caused the baggage car to take the siding and go off at a tangent has not been explained by the railroad men. The engine and tender had already cleared the switch and the baggage car pulled the tender loose from the engine and then turned it over on its side.

COAL MINES AT WORK.

Returned Yesterday After Strike of Five Months.

Kansas City, Mo., Sept. 20.—Thirty thousand coal miners of Missouri, Kansas, Arkansas and Oklahoma, who have been on a strike for five months, returned to work today, all the mines in the southwest having resumed operations.

The contract under which the miners returned to work will not expire for two years.

FOOTBALL PRACTICE.

"Big Eight" Colleges Take Up Grid-Iron Training.

Chicago, Ill., Sept. 20.—Football in a new make up entered "big eight" region in its oldtime form today. Official gridiron exercises and yelling practice will make the day through on the Middle West.

The opening of another season sees the conference colleges somewhat shifted as to prospective strength, a condition that the rooters can diagnose through the gloom of the early reports.

The estimate of the first day's work is expected to come to a question of the physical condition of the squad in most of the schedules. The players who report with a poor supply of ginger will find it hard to catch up. Those who report "as hard as nails" will be the heroes of the early training.

The University of Chicago authorities remain somewhat downcast over the football outlook.

BRIDE AND GROOM 80 AND 84

Wedding Culmination of Romance Which Began Sixty Years Ago.

Cortland, N. Y., Sept. 20.—Announcement was received here today of the marriage of Henry C. St. Johns of Cortlandville, aged eighty-four, and Miss Myra W. Cushing of Little York, aged eighty years. The ceremony was performed Saturday night at Little York Lake. The wedding is a culmination of a romance begun sixty years ago. The two were engaged and a day was set for their marriage. Something happened to prevent the ceremony and the bride-to-be could not be prevailed upon to name another day. She remained in single blessedness and her love waited for her until he was fifty years of age, when he married another.

A year ago his wife died. The early courtship was reopened and proved successful this time.

ALPS CROSSING PLANS.

Aviators Delayed by Unfavorable Weather Conditions.

Berne, Switzerland, Sept. 20.—Today's weather was unfavorable for flying and the "cross-the-Alps" aviation competition was again delayed. Snow fell in the mountains and a strong wind was blowing this morning, through the Simplon pass and rain fell. The American, Werman, and George Chavez, the Peruvian, who were forced to give up after the struggle with adverse air currents yesterday, demonstrated however, that the death of aviator is not, as has been freely declared, the only alternative of a successful flight after a start has once been made, and both will remain on the field prepared to set out for Italy at the first favorable opportunity.
